The Iowa Society of Radiologic Technologists will again sponsor the same seminar in two locations - March 20, 2010 in Coralville and March 27, 2010 in West Des Moines. The Newton facility is no longer available for conferences so we are back to Coralville! The Marriott in Coralville is a beautiful facility and we hope you'll enjoy it. Both locations are easy to get to. **You'll also note that the registration fees are still different for the two locations and that we have lowered the registration fee for West Des Moines.**

Don't forget to indicate which location you want. You will be contacted if your choice is full so be sure we can read your phone number/email address clearly. A confirmation will be sent to you.

**THERE WILL BE NO ON-SITE REGISTRATION.**

Please review the directions to the hotels located elsewhere in this brochure.

Each lecture is approved by the Iowa Department of Public Health for Continuing Education in the number of hours and limited categories noted after the description of each lecture.

**Please note credit cannot be given for attending a course that is limited in something other than what is specified on your Permit to Practice.** All lectures have also been approved for R.T.'s with general permits.
