

The Iowa Society of Radiology Technologists will again sponsor the same seminar in two locations. March 24 in West Des Moines and March 31 in Coralville. We have moved the Coralville location to the Holiday Inn. You'll recall the seminar was there several years ago. Please review the directions to the hotels located elsewhere in this brochure. Don't forget to indicate which location you want. You will be contacted if your choice is full so be sure we can read your phone number/email address clearly. A confirmation will be sent to you.

THERE WILL BE NO ON -SITE REGISTRATION.

Each lecture is approved by the Iowa Department of Public Health for Continuing Education in the number of hours and limited categories noted after the description of each lecture. Please note credit cannot be given for attending a course that is limited in something other than what is specified on your Permit to Practice. All lectures have also been approved for RT's with general permits.

HOTEL INFORMATION:

Hotel accommodations for Friday, March 23 at the Sheraton of West Des Moines should be made directly with the hotel at 515-223-1800. (Room rate is \$99.00 per night and parking is FREE for ALL attendees). The block of room is being held until March 2, 2012. The Sheraton of West Des Moines is located on the western edge of metropolitan Des Moines. From I 80, I 35, exit at University Avenue. The hotel is close to the exit.

Hotel accommodations for Friday, March 30 at the Holiday Inn in Coralville should be made directly with the hotel at 319-351-5049. Mention Iowa Society of Radiologic Technologists when making your reservation. (Room rate is \$94.00 per night and parking is FREE for ALL attendees). The block of rooms is being held until March 7, 2012. Exit 242 on me 80. Turn NORTH off the exit – you'll be able to see the hotel just north of the interstate.

Meeting Planner.....Nancy Harney (319-624-3643)
nharney@southslope.net
Program Chairman.....Nancy Harney
Registration..... JoAnn Horsfield (319-465-4055)
ISRTEXSEC@aol.com

REGISTRATION REFUND REQUESTS must be made in writing and received by March 16, 2012 to:

JoAnn Horsfield 17060 Country Road D-62,
Monticello, IA 52310

Refunds will be subject to a \$25.00 processing fee.

SPECIAL SEMINAR FOR LIMITED PERMIT RADIOGRAPHERS

March 24, 2012, Sheraton of West Des Moines

March 31, 2012, Holiday Inn in Coralville

- 7:30 AM** **REGISTRATION AND CONTINENTAL BREAKFAST** (included in your registration fee)
- 8:30 AM** **FACT OR FALLACY? – Dana Schmitz, M.Ed., R.T. (R)**
Generally, we are all taught the same information during our educational program. How is it that we forget so much? Has physics or radiation protection REALLY changed? This presentation will focus on some of the fallacies in diagnostic imaging in the areas of physics and imaging techniques, positioning, radiation protection, and patient care. Most importantly, we will review the correct information to determine exactly what part of our memory is incorrect.
Approved: 1.0 **Chest, Extremities, Chest/Extremities, Spines**
- 9:30 AM** **PATIENTS – The Object of our Attention – Roxann Pospisil, R.T.(R)**
This presentation will focus on the patients and their rights as set forth by the AHA. It will address the three C's of patient care - caring, communication and compassion. The influence and importance of HIPPA in the health care environment will also be addressed.
Approved: 1.0 **Chest, Extremities, Chest/Extremities, Spines**
- 10: 30 AM** **BREAK**
- 10:45 AM** **TRAUMA OF THE EXTREMITIES – Amy Edwards, B.A., R.T.(R)**
Beginning with a review of the definitions of trauma of the extremities, we will review radiographs of fractures and discuss the different types of fractures. How they are repaired as well as prognosis and recovery will be included.
Approved: 2.0 **Extremities, Chest/Extremities**
- 12:30 PM** **LUNCH**
- 1:15 PM** **BASIC CHEST RADIOGRAPHY – Positioning and Pathology - Roxann Pospisil, R.T.(R)**
We'll start with basic anatomy demonstrated on routine chest projections and review the importance of basic positioning techniques. We will show various pathologies of the chest and discuss the importance of positioning to visualize this pathos. We'll end with audience participation in critiquing chest projections to reinforce the positioning techniques discussed.
Approved: 1.0 **Chest Chest/Extremities**
- 2:15 PM** **HOW TO BE A "SUPERMAN" IN THE IMAGING WORLD – Dana Schmitz, M.Ed., R.T. (R)**
We are heroes everyday when we apply proper and practical radiation protection methods for our patients, the public and co-workers. This presentation will review basic radiation biology and protection including methods of protection, units of measurement and potential effects of exposure. Limits for exposure, dosimetry and "dirty bombs" will also be discussed.
Approved: 1.0 **Chest, Extremities, Chest/Extremities, Spines**

Dana Schmitz is Program Director and Roxann Pospisil is a Clinical Instructor at Mercy/St. Lukes School of Radiologic Technology in Cedar Rapids. Amy Edwards is a Clinical Evaluator at North Iowa Health Center School of Radiologic Technology in Mason City.
