PRESIDENTIAL ADDRESS

ISRT President 2016-2017
Don Bishop

If the hand be held between the discharge-tube and the screen, the darker shadow of the bones is seen within the slightly dark shadow-image of the hand itself... For brevity's sake I shall use the expression 'rays'; and to distinguish them from others of this name I shall call them 'X-rays'.
— Wilhelm Röntgen

'On a New Kind of Rays' (1895). In Herbert S. Klickstein, Wilhelm Conrad Rontgen: On a New Kind of Rays, A Bibliographic Study (1966),

With the new year upon us and an everchanging future that always holds some uncertainty, I thought it appropriate to quote our beginning as a profession. Let us not forget that our profession has been around for 121 years and is constantly evolving. The question is what are you doing to evolve with it. Will you be embracing what changes are in the future, and how are we preparing our future technologist?

With the uncertainty of our current affairs in policy and the future of the affordable care act and possible deregulation of some government entities. I ask all of you to be educated on the changes that affect our profession, for or against. The dedicated members that serve on the board of directors of the Iowa Society of Radiologic Technologist have diligently watched and fought for the members and will continue to do so. I encourage that all our members reach out to the members of the board

with any questions or concerns that you come up with as we are here for you.

Thank you,
Don Bishop B.S.R.T.(R)

INTRODUCTIONS AND ANNOUNCEMENTS

Introductions were made all around the room. Quorum was met.

EXECUTIVE SECRETARY REPORT

Joni Caplan presented the Financial Committee Report as of June 1, 2016; see attached detailed report. ISRT Annual Meeting minutes and ISRT Board of Director's Meeting minutes (with Addendum) approved by Tammy Delker, second Connie Spicher.

EXECUTIVE COMMITTEE REPORT

Yvonne Grant-Nothing to report

MEMBERSHIP REPORT

President Don Bishop presented Matt Millard's Membership report in Matt's absence; see attached report for spreadsheets and each Area's specific numbers.

PUBLIC RELATIONS & COMMUNICATIONS

Terri Whyte presented the 2nd Vice President's report explaining how she has submitted a Proclamation Request to the Governor's office for National Radiologic Technologist's Week, and how she will follow up with the Board as more details come through; see attached report

NOMINATIONS FOR 2017-2018

Tammy Delker presented that she has 4-5 possible nominations for next year; see attached report.

HAWKEYE STATIC REPORT AND WEBMASTER

Tracy Kimler presented her report with information on the online membership applications, and then detailing her and Joni Caplan's Ad-Hoc Website Research and information into developing a new website for the ISRT; see attached reports.

EDUCATOR

Jan Jacob's presented her report, listing enhanced communications with all Program Directors in regards to the ISRT's 1 free year membership for new graduates and how they are sending out postcards to IDPH permit holders of the ISRT's benefits, as well as details about the Student Educator Symposium held April 2016. She also explained the

new Geriatric Competencies for the ARRT guidelines for students; see attached report.

LEGISLATIVE ADVISORY COMMITTEE

Yvonne Grant presented her report detailing her meeting with Angela Leek, the Bureau Chief of the IDPH, on May 23, 2016. Multiple highlights were discussed, amongst them were that the State of Iowa is going forward with an online registration process for its permit holders and the radiation emitting licenses and its plans for go-live in August and being able to use the system October 2016. Also discussed was a misconception of a 30 day grace period on your license/permit to practice. There is no 30 day grace period for the permit to practice. There will be new processes with dispensing licenses from the State when the online process is up and running; see attached report for more details.

HISTORIAN

Connie Spicher presented the Historian's Report, going over what she had done at the Annual Meeting and her plans for next year's Annual Meeting; see attached report. The Board went over the discussion of the historical contents of the storage unit that the ISRT had previously occupied; see NEW BUSINESS section for further details.

MEETING PLANNER

- **2017 ANNUAL MEETING AND SYMPOSIUM**

Planned date for Symposium is April 7 & 8, 2017, and Kirkwood is again reserved, Joni Caplan will make plans with the Hotel. Discussed need for Forensics Case Report/Pathology Report and other types of interesting speakers. Looked ahead to 2018 meeting and discussed possible locations in Des Moines area to accommodate more technologists with the projected increase in Limited Technologists attending.

Connie Spicher and Brianna Crockett are Chair and Co-Chair with Yvonne Grant as Registrar and Tammy Delker assisting her.

BY LAWS COMMITTEE REPORT

Rose Hanson presented the Parliamentarian Report; she also presented how scholarships include advanced level certifications also; see attached report for details

AREA PRESIDENT'S/REPRESENTATIVES REPORTS

Area 1: presented by Rosie Hanson; see report for details

Area 2: presented by Breanna Crockett; see report for details

Area 3: presented by Connie Spicher; see report for details

Area 5: presented by Don Bishop in Matt Millard's absence; see report for details

OLD BUSINESS

1. Area 3: discussed ability to communicate with SE Iowa Chapters that were previously dissolved and absorbed into Area 3; ISRT Board was asked to review Area dissolutions and utilization of ISRT CEU compliance. Don Bishop to inquire with the ASRT in regards to the ISRT's CEU compliance obligations to other Areas in Iowa as well.
2. Vendor for Website: Tracy Kimler and Joni Caplan have been investigating and researching multiple new options for vendors for our new ISRT website upgrade. AngelFire, Word Press and Square Space were the main 3 presented. Multiple demonstrations were presented by Tracy, showing the many options available from each vendor. Costs and other options, including security questions regarding Hawkeye Static access, with the sites were weighed and discussed as well. Tammy Delker motioned to get Word Press, unanimously approved. It was requested that areas email photos in JPEG form to Tracy Kimler for our new website

NEW BUSINESS

1. Storage totes contents: Connie Spicher discussed with the Board some of the contents of a few boxes that she had brought in from the Storage Unit, discussing what to keep and what to dispose of. Several Board members volunteered to meet at Connie's house at a future date to sort through the containers and papers, to dispose of duplicates and unneeded items. It was decided to keep the Historian's briefcase and its contents, and the contents of the small safe with very old records in it as well.
2. Future ISRT meetings: Don Bishop announced that the next two board meetings would be September 10, 2016 and January 7, 2017, and that both meeting dates are subject to change.
3. ISRT award for members: Joni Caplan and Tracy Kimler discussed their idea for an ISRT Fellow Award, and the details around that award. Both the ASRT and the Missouri Society have awards based upon experience and volunteerism, and Joni and Tracy have modeled our Fellow Award to match those systems.
4. Area Realignment: it was discussed that subordinates of the ISRT have to be in compliance to qualify for free CEU's, and how big of a struggle that can be. All members were informed as to what it really meant for an Area to be in compliance, in regards to paperwork, financial reports and by-laws. We went over the pros and cons regarding keeping the Areas in Iowa or realigning them to Regions or possibly Sections. Terri Whyte motioned to establish an Ad-Hoc Committee to research it further, seconded by Tammy Delker and unanimously approved. Committee established: Don Bishop, Terri Whyte, Tammy Delker, Connie Spicher and Jan Jacobs.
5. Open Forum: Stephanie Small discussed following ideas: using x-ray students as Social Media Ambassadors to promote our

Facebook page and Website; establishing a Linked In page (Terri Whyle to check on this); and establishing a recognition award for Iowa Radiologic Technologists similar to the Daisy Award for Nursing. Terri Whyle motioned to establish an Ad-Hoc Committee, seconded by Connie Spicher, motion carried. Ad-Hoc Committee: Stephanie Small, Terri Whyle and Tammy Delker.

ADJOURNMENT

The next meeting of the ISRT Board of Directors will be on September 10, 2016, at 10:00 a.m. the Genesis Heart Institute in Davenport, Iowa. A motion to adjourn the meeting was made by Connie Spicher and seconded by Yvonne Grant, motion was carried. The meeting was adjourned by President Don Bishop at 1:00 p.m.

Respectfully submitted,
Stephanie Small, R.T.(R), RDCS

Second Vice President Report

National Radiologic Technologist's Week is November 6-12, 2016. The Proclamation Request has been submitted for the Governor's office. No date has been assigned yet. Once the date has been assigned, I will email board members.

Sincerely,
Terri Whyte
Second Vice President

Webmaster- Hawkeye Static Editor Report

The website has been limping along and only allowing for the membership payment electronic option. We've had 11 additional on-line membership since April 1st. There have been 12 Contact Me submissions in that timeframe as well.

We have had several Graduating Student Membership applications already.
To date: 25.

Several Graduating Students have recently joined membership at the \$15 rate. Then they submitted their 1-yr free membership gift applications a week later. This extends their memberships to 2018, which covers them for their 1st CE requirements reporting cycle.

The Ad-Hoc Committee for Website Research has proved to be educational. Joni Caplan & I have worked with 3 website building company templates. I have worked with Angelfire.com and WordPress.com
Joni has worked with SquareSpace.com

Please remember to forward your reports to me, so they can get in the Hawkeye Static.

Parliamentarian Report

I have received two notifications for deceased members of the ISRT. Michael F. Cunningham and Thomas M. Conry. Michael Cunningham trained and worked at the University of Iowa in Iowa City. He was very active in the ISRT including serving as president of the ISRT from 1966-1967. He also served as the California society president. Tom Conry trained and worked at Xavier Hospital in Dubuque. He was instrumental in getting the Radiology department underway at St. Mary's Hospital in Dyersville Iowa. Thanks to all who have provided me the information, please continue to send notifications so I can keep the record updated.

Respectfully submitted,

Historian Report

At the Annual Meeting in April, I had a short quiz about some of the historical items that were on display. Each day there were 40-50 completed quizzes turned in. One quiz was randomly drawn each day and a small gift was given to this person. Thanks go to Area 5 who donated one of their shirts and Area 3 who donated a beverage glass and candy. I feel that this activity gave a chance for attendees to explore some of the history of the ISRT. Next year I am hoping to have something similar to again highlight events over the last 75+ years of the ISRT.

The historical items for the ISRT have been moved from the storage unit in Iowa City to my home in Vinton. Joni will end our contract with the storage facility in the next month.

Approximately 24 totes and storage containers are in the collection filled with Hawkeye Statics from past years, Board of Director meeting minutes, notes and agendas, Annual Meeting registration gifts, Cherished Yesterday copies, photo albums and a variety of other items. I would like to have a sub-committee help to review these items and decide if we should keep them in the archives as they are, make digital copies and purge or simply purge.

Thank you for this opportunity to serve the ISRT.

Connie Spicher, RT®(CT)(M)

Legislative Report

I met with Angela Leek – Bureau Chief from the Iowa Department of Public Health – Radiologic Health Section on May 23rd, 2016 to go over any State and Regulatory Updates. The following are the highlights of our meeting:

- The state has been receiving many calls about the CT /Nuc Med CT technologists certification process and if the state will be placing CT back on their permits to practice, training etc. Currently, the state is not making any changes to their current process.
- The state is still moving forward with its on-line registration process for its permit holders and the radiation emitting equipment licenses. The software go-live is planned for August with permit holders using the system in October 2016. Facilities getting their equipment licensed with the state will have questions they have to answer about certain processes – IE radiation protection/safety, badges what you are doing at your facility etc.

- NO bill made it thru the legislative process here in Iowa – Breast density was discussed multiple times but nothing moved forward. Next chance will not be until Jan 2017. Other proposed bills have to do with Radon, Tanning Beds, Hand Held Dental equipment and talking about wearing lead glasses and having dosimetry badges for those hand held devices.
- There is a bill in Congress effecting MQSA, the state will be waiting for congress to make it's changes prior to changing anything here in the state of Iowa.
- Still having conversations about CRNA's supervising 19fluoroscopy – they still have to meet the requirements and the nursing board qualifications as well.
- ARIBEX (Nomed) has a piece of medical equipment that is for extremities – hand held and Limited to 60 KV. Discussions are taking place about this type of hand held mobile device and meeting practice standards.
- Once the on-line system is up the state will be moving forward with the radiation equipment chapters. They will be bringing in stake holders but the chapters will be broken down so they are easier to find and interpret. Examples of Chapters may be: Radiology, Dental, Podiatry, Flouroscopy.
- There is NO longer is there a 30 grace period (if there ever was one) on your license/permit to practice. If the holder is expired the state will be contacting the facility to find out if that employee has worked. With the new on-line system – the READY TO ISSUE message equals ACTIVE. Permits will be emailed to everybody and no longer printed, they will have a QR code instead of a raised seal. Facilities will be able to pull all information needed immediately.

I will be on a conference call June 7th with the ASRT Region 5 Advocacy Committee to review legislative happenings as well. Tracy Kimler, Matt Millard and Terri Whyte will also be on the call. Tracy is the team lead for the Region 5 CRTA Advocacy Committee.

I will be attending the ASRT annual meeting in Las Vegas at a state delegate. Tracy is moving to the Radiology Chapter delegate, so Iowa will have 3 board members at the state meeting.

My next meeting with the IDPH will be August 25th, 2016.

Respectfully Submitted,
Yvonne Grant
ISRT Legislative Chair

Educator's Report

I am Jan Jacobs from Scott Community College in Bettendorf and I am the new ISRT Educator Representative. My contact information is jjacobs@eicc.edu
563-441-4265

Please feel free to contact my about any Educational topics that may arise over the next year.

Communication was sent to all Program Directors in regards to any added agenda items.

Tammy Delker, MS, RT® suggested a possible restructuring of some meetings for the ISRT. Tammy ask me to contact the program directors to see if there would be a way to hold a one day meeting in a room at each college. I will be doing that this month. It is a great idea to have the meetings spread across the state to better cover all technologists in the state, not just in central Iowa. She stated that this would be a way to get students involved before they graduate. Indian Hills will let us use a room free of charge, so that is one option, but This would be great way to have a college in each area/district to become more involved.

Previously an email was sent to all Program Directors informing of the “1 free year ISRT membership for graduates ARRT eligible. Lora also shared that the ISRT sent out postcards to all IDPH permit holders informing them of the benefits of joining the ISRT and/or the local chapter and the benefit of the 6 FREE CEU's.

- The Student Educator Symposium was held in Iowa City on April 13-15th, 2016.

Once again there was great attendance. The speakers again this year made a great impact on the students. The student exhibits were outstanding and represented many aspects of radiation and imaging.

- Funding for speaker was not needed as stated in the last report- Speaker turned down offering per Stephanie Setter
- I will soon be distributing the Educator list and asking for updates and will present the new listing to the ISRT web editor.

New Guide lines for the ARRT exam have been posted.

One question was brought up about the ARRT geriatric requirement.

An educator spoke with the ARRT and asked if there was a specific age and was told no. The patient just has to show that they are physically or cognitively

impaired as a result of aging. The individual that she spoke with said that the patient could be 55 years of age and show these results of aging .Unfortunately it is VERY broad.

I look forward to serving as the Educator representative.

Respectfully submitted,

2nd Vice President Report

On August 25, 2016 Governor Terry Branstad signed the Proclamation for Radiologic Technology Week. The following technologists were present at the signing: Yvonne Grant, Kim Lathrum, Kerrie Bunnell, Tracy Platz, Kelly Kline, Matthew Millard, and Terri Whyte. The following radiography students were present: Ben Hillebrand, Emily Parker, Savannah Kraft, Emmet Siev, Alissa Heintz, Makenzi Sandin, and Kaitlin Grove.

I have copies of the proclamation to distribute to attendees at the September BOD meeting. I'll email scanned copies to the Area Presidents by October 15.

Facebook: New members have been accepted as they request to join. Posts unrelated to radiography have been removed.

Web-Editor Administrator Report Sept 2016

Joni Caplan & I spoke briefly at the April 2016 Student Seminar. We offered the ISRT's gift of a 1-year free membership to the Graduating Students of an Iowa School of Radiologic Technology. Those that took advantage of the 2016 application (as of 9/10/2016): 41.

To note: 2015 = 83; 2014 = 55

Information needed for the December 2015 edition of the Hawkeye Static:

1. All Committee reports will need to be sent to me electronically by November 15th.

2. Needed additional information is:

*Proposed Budget (receipts/ expenses)

*BOD meeting minutes and reports from Sept Meeting and the June 2016 meeting minutes.

The updated website is in the works to "go live". My target date of September 1st did not work out. I cancelled Yahara, however did not receive word back with confirmation. So on 9/11/2016, I've requested again to get a confirmation of cancellation. I've talked with customer

service at GoDaddy several times, asking for help with domain transfer. It turns out Matrix Web Services does not provide services for our web-service, so with much investigation and the help of Matrix, I was able to contact the correct company that had our account. Matrix Web Services was not happy his company name was on the site, but helped me more than the other companies. With great difficulty, I think all the “ducks” are in a row now, so electronic transfer of the isrt.org name and domain services will be switched over soon to DreamHost.com. With this transfer, our internet services should be at \$0 cost as DreamHost gives free services to non-profit organizations that are certified as 501(C).3

Keep in mind, the updated website will need certain functions activated after the transfer is complete. Such as: Online Membership application.

2016 ASRT Annual Conference and House of Delegates

June 23-26, 2016

Las Vegas, Nevada

Don Bishop and Yvonne Grant attended the 2016 ASRT Annual Conference in Las Vegas, Nevada. Other attendees representing Iowa were Tracy Kimler -Radiology Chapter Delegate, Darin and Tammy Delker, Shelly Pike and two radiology students, Amanda and Ben who participated in the Student Leadership Academy.

The first HOD Business meeting was called to order by Mike Odgren-ASRT Speaker of the House. The opening ceremony was started off by the presentation of the Flags which were carried by the 97 Students attending the leadership academy, all active affiliates were represented. This was followed by the singing of the National Anthem and the Pledge of Allegiance. There were 158 seated delegates present at the meeting. Hawaii and Nevada had delegates seated at the meeting for the first time in several years. Voted in for the first time allowed one student from each state to sit with their delegates so they could learn about the meetings as it went along. The 29 life members, ASRT

fellows, presidents, speakers of the house, active and military reserves, as well as all committees were recognized.

The house voted to adopt the credentials report, the house of delegate rules and the agenda as printed. Beth Weber gave the Memorial Resolutions and it was adopted as presented.

ASRT ANNUAL REPORT was given by Sandra Hayden. To keep your balance, you must keep moving, just like a bicycle, and that is what the ASRT has been doing. ASRT went to Japan, Turkey and France. ASRT supported licensure movement in Kentucky, New Hampshire and Tennessee and continues to support several other states. Sandra helped build the Radiation Therapy material for the ASRT – QA Manual, Radiation Protection for Therapy patients and Shielding Requirements.

NOMINATIONS-

Nominated were Mike Odgren for Speaker and Beth Weber for Vice Speaker of the House.

ASRT UPDATE- was given by Sal Martino, CEO of the ASRT. Sal just signed another contract with the ASRT for 3 more years. The ASRT has 153,000 members, 116 staff with a 24 million operating budget. Sal went over a variety of things that the ASRT does for its members but he wanted everyone to know the ASRT is not just about CEU's. The ASRT awarded 49 grants valued at \$68,500. We have an International Exchange program and a community outreach fellowship for RT(R) and Therapy. The ASRT will be celebrating 100 years in 2020 and the annual meeting will be back in Albuquerque, New Mexico for the event.

AFFILIATE OPEN FORUMS- Nevada, Missouri and North Dakota all spoke. Missouri and North Dakota on licensure and Nevada on how to get students and other technologists involved. "Why wouldn't they join the state society" was a motivational topic at one of their meetings.

ARRT REPORT was given by Gary Gustafson. Effective January 2017, all violations must be reported within 30 days. Board certifications will no longer count as CEU's. CQR recipients will receive letters/notifications 3 years prior, they do not have to re-take a test. It's a structured self-assessment. ARRT is moving away from its annual seals and will soon be electronic.

JRCERT REPORT was given by Stephanie Eatmon. There are 609 Radiology programs, 73 Radiation Therapy programs, 10 MRI programs and 19 Medical Dosimetry programs. There were 135 site visits for accreditation in 2015.

DAY 2

BY-LAWS OPEN FORUM and COMMISSIONS HEARING-22 by-laws were discussed and 10 motions were pulled from the Consent Calendar.

I attended the Management Chapter meeting, Radiology Chapter meeting and the CT chapter meeting.

DAY 3

HOD second Business meeting- The meeting was called to order at 8:03 AM. Joseph Whitten gave the By-Laws report. By-Laws become effective at the close of the meeting if voted adopted. All the by-laws passed except Amendment 16. The Consent Calendar was presented by Stephanie Johnson, pulled from the calendar were 4, 5, 6, 7, 8, 9, 16, 17,19, 20 and 25. A courtesy resolution was given by the students, Daniel Gilbert for RAD ACADEMY Julie Gill for Normen Hente and for Bill Brennen who had to leave the meeting due to his father passing. No late motions were presented. Steering committee, Election of Speaker of the House and Vice Speaker of the House took place. The meeting was adjourned at 11:23 AM in record time. Attached is my voting form.

Legislative Advisory Committee Report

On 8/24/2016 the ASRT Region 5 subcommittee had their first telephone call. All states were represented. Introductions were made for each area and from the ASRT. Tracy Kimler is the lead contact for the ASRT Region 5 Committee. Iowa had nothing to report and the other regions talked about licensure and happenings in their state.

On 9/2/.2016 I meet with the Director of the Iowa Department of Public Health. The new website is up and running. Radiologic technologists will now be renewing on-line. Hospitals can verify on-line as well. Each new permit will have a Q code that they may scan. The new permit does not look the same at all and is a full sheet of paper. Technologists will be emailed their permit and they will bring their employers a copy. The state is also working on a CT/Nuclear Medicine permit and will be coming soon in the future.

Respectfully submitted,
Yvonne Grant
ISRT Legislative Advisory Committee Chair

Historian Report

I have been asked by ISRT President, Don Bishop, to be in contact with the ASRT Historical Committee who is planning to compile historical information from all the state chapters for an ASRT anniversary presentation. I will be looking through the history pages and will find information to send to the committee.

Connie Spicher, RT(R)(CT)(M)

Educator Report

- An email was sent to all Program Directors in regards to new agenda items. A few changes for updates on several educators' credentials were made to the Iowa Educators contact information. Most educators have nothing to report at this time.
- (REM) Radiography Educators of the Mid West, the dates of the meetings for 2016-2017 are:

October 7, 2016

OCTOBER 2016 SPECIAL MEETING

The special October ISRT Board of Directors meeting was held via teleconference on October 25, 2016. President Don Bishop called the meeting to order at 7:15 pm.

The following members were present: Don Bishop, Connie Spicher, Tammy Delker, Terri Whyle, Joni Caplan, Tracy Kimler and Rosie Hanson. Quorum was met.

Old Business related to Area Compliance

President Don Bishop presented the information he received from the ASRT. All areas must be compliant for the ISRT to maintain compliance with the ASRT. President Bishop gave examples of how other states had shifted their membership to maintain compliance. President Bishop also discussed by-laws and changes made to the areas would require changes to the ISRT by-laws.

Discussion continued regarding active Areas (1,2,3,5) and inactive Areas (4,6,7,8). Lack of local leadership has made it difficult to maintain compliance.

Tammy Delker made a motion that we follow proper procedure to inactivate all of the Areas and become state run by the ISRT in order to

ensure compliance with the ASRT. Terri Whyte seconded. Motion passed. There was discussion regarding Area and member concerns, notification of members and ongoing CEUs for members. The benefit to one level of leadership is that those inclined toward leadership will have the opportunity to volunteer at the state level. Much discussion that an education committee would need to form and that they would need to meet monthly to ensure turnaround for CEUs at the local level. In addition, at the April 2017 State Meeting, it will be put to a vote by the members.

Meeting was adjourned at 8:00 pm.

Respectfully submitted,

Terri Whyte, Secretary Protem

STATEMENT OF PURPOSE

As a young radiographer, I believe it is my responsibility to step up and show my support for the profession I care so deeply for. It is so important that I have an opportunity to learn from those who have more experience than I, as well as for others to see it in a new prospective. I believe that I would be a great attribute to this society and as well as a role model for my fellow newer radiographers. It is of utmost importance to me to show all that I can to my profession and be a voice that can help to support and improve this growing field.

American Society of Radiologic Technologists

Join the Largest Medical Imaging and Radiation Therapy Association

Radiologic technologists are eligible for Active membership if they are certified by the American Registry of Radiologic Technologists or its equivalent or hold unlimited licenses under state statute. They may vote, hold office and serve as a delegate, and enjoy unlimited access to all ASRT member benefits.

Why Join as an Active Member?

- **CE Credits Delivered to Your Door** — Membership is the easiest way to earn CE credit and ASRT makes it convenient to renew your ARRT, ARDMS, MDCB, NMTCB, and state registrations and certifications. All of the credits you earn from the ASRT are [automatically transferred](#) for you. Members receive access to a minimum of 15 CE credits each year through Directed Readings in our [journals](#), delivered right to your doorstep.
- **Online Social Network for R.T.s** — The [ASRT Communities](#) allow members to find answers to questions, discuss current medical imaging and radiation therapy trends, and connect with one another through the member directory.
- **Advocacy** — Member dues support medical imaging safety advocacy efforts at the federal and state levels.
- **Exclusive Discounts** — Enjoy discounts on shoes, scrubs, laptops and more with our [Member Perks](#).
