PRESIDENTIAL ADDRESS

Tammy Delker

Greetings,

First of all I want to say “thank you” to all of the members of the ISRT for allowing me the opportunity to serve as the ISRT president this year and a special “thank you” to the board members who work diligently to keep the ISRT in compliance with the regulation standards set forth by the ASRT. Many hours go on behind the scenes to keep things running that most members don’t realize. It’s like many volunteered positions – 1% of the people doing 99% of the work. As I stated in April, we need you. We need your expertise in driving the ISRT into the future.

As for our future, you’re it! We’ve seen a lot of changes in the past year and will probably see more to come, not only in our profession but many healthcare professions around the world. If we don’t stand up for our profession it may cease to exist. You may think that’s not possible, but it is happening as we speak. One state has already passed legislature that nurse practitioners can supervise and perform radiology and at last count there were still seven states that still do not require licensure for radiologic technologists.

So, what can you do? Get involved in one way or another, whether it’s joining the ISRT and ASRT or whether it’s running for an ISRT board

position. Do something to keep our profession, our profession. Together we can make a difference for each other and our future.

You can choose to be “ordinary” or maybe even “extra ordinary”, but together we can be EXTRORDINARY!

Sincerely,
Tammy Delker, MS, RT(R)
President - ISRT

HAWKEYE STATIC EDITOR AND WEBMASTER REPORT

The ISRT website has been updated and is running smoothly. Thank you for trusting that I could learn how to design a business website. It's been an experience for sure.

Online payment has been available and is drawing in donations as well.

To date: (11/15/2016- 1/6/2017)

15 membership: (6 renewals, 9 new), late fees & online convenience fee

1 scholarship donation (\$10)

3 people purchased a total of 7 extra ceh, (\$105.00)
2 website advertising contracts (\$720)

When the price of the Annual Meeting registration is approved today, the online registration is ready to go. All attendees will be required to provide a valid e-mail address. In keeping with the goal of being green and in compliance with the ARRT, this will be the inaugural year with the attempt to e-mail the certificates. Verification of the attendance sheets will be crucial. The certificates can be readied in advance (in the computer), however if someone doesn't attend a lecture (or more), those lectures will need to be deleted from the certificate. The plan is to inform the attendees of the new format requirements on the flier and website posting, and that their certificates of attendance will be e-mailed to them the next day.

The editions of the Hawkeye Static are in disarray. The board meeting minutes have not been included in any edition during this presidential year. That means April 2016, June 2016, September 2016, special meeting October 2016 minutes and corresponding reports are not published for the membership to review. When the board decided a few years ago that the minutes would only be published if final approval had been received electronically, it would be the responsibility of the voting board members to respond to the secretary's e-mail for final approval. Whether this is a lack in communicating responsibilities with new board members, or e-mail communications not being sent to correct e-mail addresses or a delay in getting the minutes typed up, I'm not certain. The minutes are not being approved in a timely manner. As the Editor, I have not received final copies of these minutes. I'm unaware how the minutes are being approved at the next meeting, if the minutes have not been available. What is the wish of the board to correct this error?

LEGISLATIVE ADVISORY COMMITTEE REPORT

Early November 2016, I sent out to all the ISRT board members the proposed changes from the Iowa Department of Public Health on Chapter 42 that I received from Angie Leek. No issues were brought forward concerning the proposed changes.

On November 22, I had a teleconference with Angie Leek with the Iowa Department of Public Health. I told her that no concerns were brought up with the changes of Chapter 42 from the ISRT board members. These changes will be brought forward when the legislation goes back in session in January. We also discussed the new website and it's implementation. Things are moving slowly for the IDPH. December permit holders for December will be renewing on-line. Several members have had some issues with timing out. She is aware of some of these issues and they are working on them as fast as they can. All facilities will be imputing their equipment for their facilities radiology license as well on the IDPH website moving forward. I am currently starting to work on getting my facilities equipment on line to see how this will function and give Angie back input. The paperwork needed is available on-line.

On Jan 4th 2017, I had a teleconference call with Region 5 CRTA with the ASRT. My report to them was legislation for Iowa starts back up this month and we have some minor changes to Chapter 42 that will be submitted otherwise I am aware of no other legislative issue. All states for Region 5 were represented on the call. Most states legislation is just starting back up but the biggest issue brought up on the call was from New Hampshire. They have a proposed legislation to REPEAL their state license for radiologic technologists. The ASRT wants everyone to be aware these proposed changes and they feel other states will be trying to do the same. Please continue to watch your regulatory tracking tool.

Tracy Kimler had submitted an article to the ASRT on Legislative Challenges. We had an email comment back to us that this same issue with ARNP and fluoroscopy may be brought back up here in the state of Iowa. I looked at the agenda for the state of Iowa's Jan board meeting and nothing was mention on the agenda. I left a phone message with the IDPH but have not heard anything as of todays date. Attached are Iowa State Board of Health Meeting agenda, the proposed changes submitted on Chapter 42 and the Legislative and regulatory tracking tool map from the ASRT dated 1/6/17.

Respectfully submitted,

Constitution and Bylaws / Parliamentary Report

I have not received any notifications of deceased technologists since the previous meetings. Thus far I have only 2, Michael Cunningham and Tom Conry. Could a notice be published in the Static and /or facebook as a reminder for the membership to email me information regarding deceased technologists from their area? I appreciate everyone who continues to send me notifications, so I can keep an accurate record of all technologists to be recognized at the annual meeting. There are no bylaws changes at this time until further discussions on dissolution of Areas.

AREA REPORTS
JANUARY 2017

Area One Dubuque began our 2016-17 season with a planning meeting in September. On October 6th a business meeting, election of officers and 2 hours of continuing education was presented. The newly elected officers are Rosie Hanson as president, Tammy Hafeman as vice president and Nancy Odefy as Treasurer. Membership as of October was 26. IRS taxes were filed in September. Incorporation status will be renewed in January. There are no proposed changes to the Bylaws at this time. The next scheduled meetings are February 6th and March 20th with 2 hours of continuing education at each meeting.

Respectfully submitted,
Rosie Hanson R.T.R.(CV)(M)
Area One Dubuque President

Area 2 has not had a meeting since April 2016, however we plan on having two meetings this upcoming Spring. They will be held at either Genesis in Davenport or UnityPoint Health Trinity in Bettendorf.

We will hold a short business meeting after the presentations. Attendees will be reminded of the Spring Symposium in April 2017 and new business will be discussed as needed.

Respectfully submitted,

Breanna Crockett
Area 2 President

Area 3 met on November 19, 2016 at St. Luke's Auditorium in Cedar Rapids. 42 members were in attendance.

The elected officers were introduced: Connie Spicher, president and Erin Yates, vice-president. Kim Matteson, treasurer and Shellie Pike, secretary.

A short business meeting was held with the treasurer's report given and minutes from the last meeting read. It was mentioned that the ISRT might be dissolving the Areas and go to a state wide representation only in the upcoming year. Members were receptive. Dates for the Spring Symposium and Annual Meeting were announced and everyone was encouraged to attend.

Lots of great information was shared throughout the day as six speakers presented for the Area 3 Fall Conference.

Our next meeting will be held in February with time and location to be announced soon.

Respectfully submitted,

Connie S. Spicher
Area 3 President

Area 5 (SCD)

2016 Year End Report

Fall Meeting: Held November 12th

There were 68 members in attendance.

All activities were approved for credit by the ASRT for a total of 4.5 CEs. The lectures were:

Swimming With Sharks: Dirty Trial Tricks and Tactics - Jim Graham
MCJ, EMT-P, DRE

Radiographic Interpretation of the Foot and Ankle - Dr. Timothy M.
Holcomb, DPM

Imaging of the Trauma Patient: The Differences between Rural and Urban Hospitals - Matthew Millard, MSTD, RT(R)(CT)

During the Business Meeting it was announced that Areas of the ISRT will be dissolved. This announcement brought two concerns.

A. What should be done with the rest of the money in the Area 5 Bank Account after expenses and scholarships are paid.

B. Will it be possible for the ISRT to organize seminars that are not during the usual ISRT Annual Meeting and Seminar weekend?

Matthew Millard stated that he would bring these concerns to the ISRT Board during the January meeting and would report back.

No officers were elected due to the dissolving of the Areas. The current officers will stay in their current positions until all final business is completed.

President - Matthew Millard

President-Elect - Sheri Peters

Secretary - Rachelle Gaul

Vice President - Katie Lewis

Treasurer - Megan Peterson

During the break the six scholarships were awarded to radiology students attending radiography programs in Central Iowa. There were no technologist applicants.

The End-of-Year Financial report is as follows:

INCOME:\$5750

Dues: \$1200

Educator Committee Report

Jan Jacobs reported that Mary Cowan from Northwest Iowa Community College is the Educator Chair for 2017-2018.

Legislative Report

On March 1st, 2017 I had a ASRT Legislative conference call, At the time, Iowa had only had discussions going on about Breast Density, the issue of deregulating licensure with Respiratory Therapist, Hair Stylists and others was declined. We will need to continue to watch as many states are trying to deregulate. Next monthly meeting is April 5th.

Met with the Iowa department of Public Health Director and discussed the following on March 29th, 2017.

Iowa Senate 250- Mammography Report Notification Requirement- Breast Density Bill. This bill has been presented before but has never passed the House. It has been revised and submitted on 2/14/17 and has passed the senate. It is now waiting for the house to vote. This bill would require the state to develop rules on breast density and the Risk of dense tissue being notified to the patient. If the house passes this bill an Administrative Rule would have to be put in place (within 180 days). The state would probably do something similar to how they are addressing the EQUIP for mammography. For EQUIP the state is giving you 1 year to educate and

prepare before they enforce it 1 year later. For the breast density bill they don't want everyone to have the change or upgrade software to meet the requirement. Maybe it could be done by a letter in case the software will not allow a change. More to come if it passes.

Chapter 41 has had changes submitted to allow hand held dental so that you would not need a variance on you license. This will be going to the May board meeting. Other discussions on these changes have been around the 6 feet and 9 feet.

Chapter 42 changes on the NM/CT and allowing the endorsement of a Nuclear Medicine technologist to do the CT part of PET. This currently is at the governor's office.

In March at their Board meeting, a discussion did take place about the Nurse Practitioner supervising Flouro. This was left as it was already stated. Board of Nursing to supervise credits/training and there would only be follow-up if an issue arises. There are currently around 40 nurses that can supervise flouro.

The on-line registration system is still moving forward. There are 16 different license that go into the AMANDA system. If you are having problems please call the 800 number and you will get a person trained in the AMANDA system. If you are trying to call Charlene you may be getting the Amanda Help person as that number is her old number.

Respectively Submitted,

Yvonne Grant
ISRT Executive Committee Chair

Advocacy Report 4/5/2017

The Iowa House passed Senate Bill 250 on 4/4/2017 this was the Breast Density Bill and notifying patients. This made the news hear inDes

Moines. But wanted everyone to be aware in case you had not heard in your area.

Today at 2PM I had our ASRT monthly conference call. The next call will be May 3rd, and the minutes from this call won't be posted for a couple of weeks. But here is what I can tell you from what I heard:

Pennsylvania– has developed a Medical Imaging Licensure Bill which is pending

Oregon, The Nursing Board has submitted a bill to allow nurses to operate ALL equipment including CT, MRI and x-ray. They do not think this bill will move forward but are watching it very closely

Florida is quiet, they only have a 60 day legislative session

New Mexico – Breast Density Bill also passed

Massachusetts- Bill passed to require advanced CT certification by Aug 2017. But the process will not start until the renewals of 2019. They also had technologists that did not renew/keep their ARRT and only went with their state permit and that going to be a big issue for those technologists as you have to have proof of your ARRT – SO major problem for some people there.

Georgia- Bill 517 moves to next session

There is state licensure pending in Alaska, Idaho, Nevada, Missouri, and Pennsylvania. IF these would all pass we would have licensure in all 50 states.

Still are having threats of licensure in other states such as:

Wisconsin is trying to do away with its Radiology Board and going just with the Medical Board.

Illinois is trying to do away with its Radiology Accreditation Advisory Board'

West Virginia is trying to do away with its Radiology Technology Board
Kentucky WON its fight against losing the Radiology Board. So it does not
change there.

Rhode Island has a worker protection and staffing level bill submitted.

On the Federal Level – Senate Bill 769 MARCA bill was introduced, this bill is
where Medicare will recognize Radiology assistants (RA). The ASRT will be
asking all of its members to contact their congressmen in the near future in
support of this bill.

Historian Report for the Board of Directors

April 6, 2017

As the historian, I will have a display for the Annual Meeting, April
7th and 8th. A short quiz will be available to attendees of the
meeting and a drawing will be held for those who complete it. Prizes
will be given.

I hope to propose a date this fall to have board members meet at my
house and look through the current historical items to determine if
there are things that can be discarded at that time or items that
should be archived in a different manner (ie: scanned and stored on
flash drive or CD).

AREA REPORTS

Area One Dubuque completed our 2016-17 season with a meeting on March 29, 2017. Three hours of continuing education were presented and a business meeting was held. Our final membership total is 39 as of April 1, 2017. Area One remains financially stable, and in compliance with the ASRT. Dissolution of the Areas was explained. The membership voted to sponsor an all-day symposium in the fall using remaining funds from the district. September 16th 2017 is reserved for a 6 hour symposium, presented by Linda Holden; she will cover a variety of topics. Registration will be free for current Area members. Non-members will be required to join for the day, or pay the 60.00 nonmember fee. Once the expenses are settled after the September meeting, Area One will begin the dissolution process. There will not be election of officers this fall, the current officers will continue through September and the dissolution process.

Executive Secretary Joni Caplan announced the newly created ISRT Fellow, which is a way to honor those who work with imaging sciences at the national, state, and local levels. She briefly reviewed paperwork.

President Don Bishop recessed the meeting at 3:10 pm. Meeting will reconvene on Saturday, April 8 at 8:00 am.

MJ Keilly Memorial Lecture winner Theresa Holst presented, “He Ain’t Heavy, He’s My Brother.”

President Don Bishop reconvened the meeting on April 8, 2017 at 8:01 am.

Yvonne Grant installed the 2017-2018 officers. She asked the members to welcome President Tammy Delker, President Elect Matthew Millard, 1st Vice President Terri Whyte, 2nd Vice President Amanda Meier, and Secretary Emily Lee. Yvonne also thanked the previous officers for their service.

Former President Don Bishop presented the gavel to newly elected President Tammy Delker. Don gave his outgoing speech. President Tammy Delker presented Former President Don Bishop with a gavel and president’s pin, in honor of his leadership during the past year.

President Tammy Delker gave her presidential address. She described changes within the ISRT and explained the legislative issues that we face at both state and national levels.

President Tammy Delker asked if there was any unfinished ISRT business. There being none, Amanda Meier, Area 5 and 2nd VP, made a motion to adjourn the 77th Annual Meeting. Andrea Breckenridge, Area 5, seconded the motion. Motion carried.

President Tammy Delker adjourned the 77th Annual ISRT Meeting at 8:25 am.

Respectfully submitted,
Terri Whyte, 2nd VP
Secretary Protem

Suggested Topics for next year:

Medical Examiner,

Farm Accidents and Rural Injuries

Issues for aging techs in field vs millennials

Maybe something legal or law enforcement again, really enjoyed Active Shooter and last year on drugs Please keep going

Trauma

Vet Radiology

Digital Radiography again it's helpful, Positioning, techniques etc.

Other comments:

Shorter lunch time- Don't need over an hour for lunch.

Really enjoyed this year's conference.

Really liked Amanda's slides with positioning, directions and radiograph on the same slide!

Lunch only needs to be 45 minutes or so to end meeting earlier.

MATTHEW J. KEILLY MEMORIAL

Matthew J. Keilly was born September 17, 1900, in New York City and received his education there. He was first employed in 1924 by a machine manufacturing company in New York. In 1935, he joined Eastman Kodak Company and was later a sales representative in a territory that included Iowa. He died suddenly while vacationing in Mexico on January 4, 1963. It was during his years in Iowa that he became a true friend to the I.S.R.T. His generosity with his personal time resulted in education and social endeavors during annual meetings and district functions. Not only were the members able to enjoy the friendship of Matt Keilly, but Matt also enjoyed joining the

members in relaxing moments during their meetings.

The consensus of those who knew Matt Keilly is that he was a dedicated man, dedicated to helping his friends to do their jobs well and dedicated to helping those people grow in their chosen professions. He was a kind, friendly man as many radiologists, technologists, and business colleagues will long remember.

At the January 27, 1963 I.S.R.T. Executive Committee meeting Mr. R.S. Macy informed the committee of the death of Matthew J. Keilly. He also mentioned that a friend of Matt's wished to make a donation in Matt's name to the I.S.R.T. on hopes that some type of memorial could be established. From records contained in the historian's files, the contribution of \$50.00 was received on January 28, 1963. There is no record of correspondence in the files indicating how the knowledge of the memorial was publicized, other than through the districts to their members. But, in February of 1963, the Board became aware that there were others who wished to contribute and determined that this should be a permanent memorial with the funds being put into an interest bearing account. The Matthew J. Keilly Fund was officially established. Correspondence continued with all the contributors and particularly with a relative of Mr. Keilly's who anonymously contributed over \$350.00 in 1963. The I.S.R.T. continued to receive contributions from districts, members, friends, and colleagues and in 1964 the I.S.R.T. matched the amount in the fund, making the total approximately \$1,000.00.

At the 1964 Annual Meeting, it was announced that the Matthew J. Keilly Award would be presented to the First Place Scientific Paper presented at the Annual Meeting. Sister Ann Marie Strickling was the first recipient. The I.S.R.T.

continued to honor the request of the contributing relative to remain anonymous. During 1963, 1964, and 1965 his contributions totaled \$500.00. In 1975, upon his death, a bequest of another \$500.00 was forwarded to the Society. During those years, photographs of the plaque and the recipient were sent to him and his return correspondence displayed the impact that this memorial made on his life. The award continued to be given to the First Place Scientific Paper until 1968. At that time, the Executive Committee discussed and the membership approved inviting a guest lecturer to receive the reward. At the 1969 Annual Meeting the members voted that the interest earned from the fund be used for public relations and educational purpose. The Executive Committee, abiding by this directive, determined that the Matthew J. Keilly Award would be presented to a technologist who had been outstanding in his/her contribution to further the science of radiologic technology in Iowa. This practice has continued with the recipient of the award now receiving a plaque and a \$300.00 honorarium. The I.S.R.T. and its members who have perpetuated this memorial can certainly be proud of their endeavors and farsightedness. The recipients have honored the name of Matthew J. Keilly.

THERESA HOLST, RT(R),BS

Theresa Holst, B.S., R.T.(R) has been involved with the radiology community since her graduation from Marian Health Center School of Radiologic Technology in Sioux City, IA. She received her Bachelor of Science Degree at Bellevue University in 2001. Theresa has been involved in continuing education for the members of the ISRT in many different aspects. She has held several board positions with the ISRT, including First and Second Vice-President. She has often been a presenter for our CE offerings, as well as helping coordinate meetings when asked. Not only has she been a great participant in Iowa Radiologic endeavours, but has also participated and been President of the East Texas Society of Radiologic Technologists and a member of the ASRT.

Theresa started as a technologist working at St. Joseph's Hospital in Paris, Texas. She returned to Iowa in 1990 as a Clinical Instructor at St. Luke's Regional Medical Center in Sioux City. In 1998 Theresa moved to the position of Clinical Coordinator for St. Luke's College of Unity Point Health Department for Imaging Sciences Education and continues in this position today.

Theresa and her husband have been married for 35 years and they have two

wonderful sons. She had a little extra time in her son's wedding planning to prepare a talk for us this weekend. Theresa enjoys her Irish heritage and can be found occasionally attending the Irish Fest in Waterloo. When that isn't enough, she likes to travel to Ireland to visit.

The ISRT recognizes Theresa's contributions to the ISRT and to the profession by this award.

IN MEMORIUM

The ISRT has learned, with sorrow, of the deaths of the following members and friends this past year:

Jan Jacques Tom Conry
Michael Cunningham Danielle Hewitt.

MEMORIAL RESOLUTION April 7, 2017

WHEREAS: The Iowa Society of Radiologic Technologists has learned of the death of Members and fellow technologists during the past year, and,

WHEREAS: It is appropriate that the I.S.R.T. recognize the past contributions and honor the memory of these friends and colleagues,

THEREFORE: BE IT RESOLVED: That the members, here assembled, shall pause for a moment from our schedule of learning and fellowship, to honor and reflect on the memories of those we have lost.

Please stand in favor of this resolution and for the reading of the names:

Jan Jacques Tom Conry
Michael Cunningham Danielle Hewitt.

Please observe a moment of silence in honor of our departed friends.
Thank you.

By your standing, the resolution is adopted.

IOWA SOCIETY OF RADIOLOGIC TECHNOLOGISTS SCHOLARSHIP – 2018

Technologist Scholarship and Mary Ann Jennings Memorial Student Scholarship

The ISRT in keeping with its mission to educate has provided two scholarships available for each a Technologist and a Student Radiographer. Two \$500 scholarships will be awarded each year; one to a second year student and the other to a technologist enrolled or accepted into an educational program. The recipients of the scholarships will be chosen by lottery at the ISRT annual meeting in April. Recipients need not be present to win. The deadline for application is February 1st of each year.

GUIDELINES FOR APPLICATION

In order to qualify for the scholarship, applicants must meet the following criteria:

1. A Radiologic Technologist must:

- A. Be a current member of the Iowa Society of Radiologic Technologists
- B. Hold a current Iowa Permit to Practice,
- C. Hold active status in the ARRT or be registry eligible
- D. Be enrolled in or accepted into an Advanced degree or an Advanced ARRT or equivalent certification program.

2. A Radiologic Technology Student must:

- A. Be a current member of the Iowa Society of Radiologic Technologists
- B. Be enrolled in an accredited Iowa Radiologic Technology program for at least nine months by Feb. 1st
*(9 months = enrolled by May 1)
- C. Have a current cumulative GPA of 3.0 or higher.

INSTRUCTIONS FOR COMPLETING APPLICATION

1. Application is to be completed by applicant. All questions must be answered. Please type or print clearly.
2. Attach the following to completed application:
 - A. Technologists:
 1. Copy of ISRT membership card
 2. Copy of Iowa Permit to Practice license
 3. Copy of ARRT card or letter from program director stating Registry eligibility
 4. Documentation of enrollment or acceptance into an Advanced degree program or an Advanced ARRT or equivalent certification program.
 - B. Students:
 1. Copy of ISRT membership card
 2. Letter from an instructor, documenting enrollment in RT program
 3. Non-official transcript of courses with GPA indicated on transcript.
3. Application and all other required information must be postmarked by February 1st.
4. Awards presented at the Friday Session of the ISRT Annual Meeting.

There are two options for submitting your scholarship application. You can click on the link below to print and mail it, or you can submit your application online using the second link.

If you choose to mail your application in please send the completed application with attachments to:

SCIENTIFIC POSTER RULES

1. ELIGIBILITY

- A. There is one category of scientific poster competition.
 - 1. Registered radiographers and Student radiographers shall compete in one category and may have only one entry.
 - 2. These categories shall be judged separately and all shall receive equivalent awards.

- B. All members in good standing of the Iowa Society of Radiologic Technologists, except those described in paragraph C below, are eligible to compete, provided that their completed applications are sent to the I.S.R.T. President-Elect postmarked no later than **February 1st**, of the current year. (See Section III paragraph A)

- C. The following I.S.R.T members may NOT participate in competition:
 - 1. President
 - 2. President-Elect
 - 3. Annual Meeting General Chairman
 - 4. Co-Chairman
 - 5. Scientific Exhibit Judges
 - 6. Persons employed by commercial firms engaged in the sale, repair or manufacture of imaging equipment or products.

- D. Once the poster is submitted for competition it may not be entered in subsequent I.S.R.T annual meeting competitions.

- E. In order to be eligible for competition the participant(s) must be a member(s) of the I.S.R.T at the time of submission. The competitor(s) must send a copy of their current I.S.R.T. membership card in with the application for presentation.

II. JUDGING

- A. Judges shall be appointed by the President-Elect. The Executive Committee of the I.S.R.T shall approve their

selection. Judges shall be responsible only to the President-Elect. Judges must inform the President-Elect of any actual or potential conflicts of interests encountered while serving as a judge.

- B. The judges' selection of award winners shall be based upon the ratings listed in the **SCIENTIFIC POSTER EVALUATION** {Section VI}. The decisions of the judges are final.
- C. The scientific poster judges shall complete a written evaluation of each scientific poster, and the evaluation shall be available to each participant upon request. The request by each primary participant shall be made on the application form.

III. POSTERS

- A. Applications are to be sent to the I.S.R.T President-Elect by certified mail, return receipt requested. Submission date is determined by the postmark and the returned receipt verifies and acknowledges receipt by the President-Elect.
- B. After submission of the application to the President-Elect, **NO CHANGES** may be made with regard to poster title or primary participant.
- C. A maximum of two authors per scientific poster shall be allowed.
- D. Poster Format
 - 1. A participant will share a **six foot table 15" deep** to display a self-contained poster.
 - 2. View boxes **WILL NOT** be permitted
 - 3. Posters that do not conform to the specifications mentioned in the above paragraph shall **NOT** be eligible for competition.

F. Posters must represent the original work of the participant(s) and cannot be commercially prepared. The posters shall not contain any marks or clues to the participant's identity such as pictures, references to physicians, hospitals or companies; address; or telephone number. The poster shall demonstrate, in the lower right hand corner, an ID supplied by the I.S.R.T. (no larger than 3"x5") containing four digits. The President-Elect will prepare the four digit ID card.

G. The poster must be self-explanatory. Appropriate media may support it. It shall be limited to a subject area related to the Imaging Sciences. Posters shall not contain excessive written descriptive explanation. A well-presented exhibit requires only minimum written explanation. The poster shall speak for itself.

H. If visuals are incorporated, no identification of a patient or his or her name is permitted.

I. A scientific poster submitted for competition must not have been previously shown at an I.S.R.T. Annual Meeting. A scientific poster, having been shown competitively at any other Radiologic meeting (A.S.R.T, other affiliate societies, etc.) may be submitted for competition.

J. Any poster that does not adhere strictly to these rules will be eliminated from competition. **No exceptions will be made to these rules.**
