

Iowa Society of Radiologic Technologists

January 13, 2021

Dear Madam President and ISRT Board Members,

During the 2020 National Radiologic Technology Week, the MercyOne Des Moines MRI Department won a prize from your organization. We had posted a photo on your Facebook page of how we were celebrating in our department and due to a high number of "likes" we won \$100.

We decided to use the prize money to support a MercyOne Mission on the Move and purchase needed items for the St Joseph's Family Shelter. This shelter is the only shelter in our community that can welcome entire families facing homelessness and keep them together. We were able to use the \$100 to purchase 8 bed pillows and 4 large boxes of laundry detergent.

Thank you for your generous prize giveaway and helping us support our community!

Sincerely,

A handwritten signature in cursive script, appearing to read "Dixie".

Dixie Ferguson BS RT(R)(MR) MRSO (MRSC™)

Manager of MRI and Patient Transport, MercyOne Des Moines/West Des Moines/Clive/Ankeny/Indianola
